

ACKNOWLEDGMENTS

On behalf of the Board of Directors of the Creation Science Fellowship, Inc. (CSF), I would like to thank everyone involved in making the Third International Conference on Creationism (ICC) a great success, the largest creation conference ever held and perhaps the most successful.

Special thanks must go to several people intricately involved with the day-to-day administration of this ICC, starting long before the conference itself.

They are Russ Bixler and Cornerstone Television for their continual support of this conference and encouragement over the years.

Dennis Wert, CSF Chairman, and the Wert family, whose phone, organization, and writing skills were immensely utilized.

Steve Rodabaugh, Technical Review Committee (TRC) Chairman, whose professional experience and expertise with the technical review process was invaluable. The TRC consisted of Dennis Blackburn, Lionel Dahmer, Robert Harsh, Don Schell, William Stillman, Robert Walsh, and Dennis Wert.

The ICC Editors were indispensable to the quality of the conference by reviewing and aiding the authors in producing the best possible papers. They were:

Philosophy of Science, Paul A. Nelson
Life Sciences, Wayne Frair
Astro-sciences, Donald B. DeYoung
Social Sciences and the Humanities, Paul D. Ackerman
Earth Sciences, Steven A. Austin and Kurt P. Wise

Dennis Blackburn, CSF Treasurer and the coordinator's right-hand man, seeing that no detail was overlooked.

Tony Piccirilli, ICC Bookstore manager, again brought about a remarkable display and collection of some of the finest creation materials available.

Aaron Wharton of Riverside Video whose expertise in the video arts made a large contribution in the quality of the taping of each session.

On-site coordination would have been impossible without the help and volunteerism of a host of people willing to sacrifice time and effort. They are (forgive my memory):

Ginny Allison, Nancy Bernheisel, Susan Brophy, Chris Brooks, Sue Ellen Butler, Bill Curtis, Lionel Dahmer, Paul Daly, Mark Elfstrand, Carol Harsh, Julie Harsh, Jim Hilston, Mat Hopsecher, Hank Jackson, Sheila Jackson, Jack Klingman, Pat Klingman, Harry Lieb, Jack McCartney, Glen McDougal, Ralph McKelvy, Reid Moon, George Plaks, Steve Rape, Cathy Rodabaugh, Rachel Rodabaugh, Don Schell, Marty Schell, Terry Skogen, Bill Stillman, Marcia Thompson, Brandon Vallorani, Ray Vallorani, Bethel Wert, Dennis Wert, Pat Wert, Steve Wert, Aaron Wharton, Carol Wharton, Amy Wilson, and John Wilson.

I can only hope no one has been left out who devoted time and energy to make the Third International Conference on Creationism a success.

Thanks to everyone involved!

See you all in 1998!

Special congratulations go to Dr. Andrew Snelling in recognition of his work entitled, **Regional Metamorphism within a Creationist Framework: Garnet Composition**, receiving the ICC Best Technical Paper Award and presented to him on the final evening of the Conference.
