

Acknowledgements

On behalf of the Board of Directors of Creation Science Fellowship, Inc, we are honored and pleased to express our deepest appreciation and respect for those who have made this Seventh International Conference on Creationism (ICC) and these Proceedings possible. Every member of this extraordinary team is a volunteer and we are pleased to take this opportunity to acknowledge their fine contributions here.

We are grateful to the many volunteers who mailed brochures, hosted sessions, recorded the presentations, stocked the bookstore and made sure our ICC attendees were made to feel welcome. Thank you for coming together to make this important and unique conference for the Young Earth Creation Community a grand and valued gathering and a lasting memory.

We would especially like to acknowledge and express our sincere appreciation for the various area directors:

Steve Sobek – Publicity and Audio/Visual
Dennis Wert – Registrar and Session Hosts
Robert Ivey – Web Master and Proceedings Layout Editor
Stu Chandler – ICC Bookstore
Lori Chandler – ICC Volunteers

We gratefully acknowledge Mr. Bob Walsh for his leadership in making all of the arrangements for the Luther D. Sunderland and Byron C. Nelson awards. Your wise counsel and your decades of experience with each of the seven ICCs is most appreciated by your peers. May you live long and prosper.

We again thank Denise Versi-Goetz and Debbie Klesspies. This is our second ICC under your able care and we are deeply appreciative. The Doubletree by Hilton was our functional and comfortable home thanks to your professional staff and your dedicated service.

We also gratefully acknowledge the leadership team of the Seventh ICC, the Executive Committee (EC). This team met monthly via teleconference for two years making the hundreds of small and large decisions that are critical to a project this large. We are grateful to each of you for your wisdom, your humor and your selfless and sacrificial investment of your time. Members of the EC include, Dr. Mark Horstemeyer, Mr. Joseph Lawrence, Mr. Bob Walsh, Mr. Dennis Wert, Mr. Steve Sobek and Mr. Bob Ivey.

Finally, we wish to acknowledge our General Editor and Technical Review Committee Chairman, Dr. Mark Horstemeyer and his assistants Rose Mary Dill and Joseph Lawrence. Mark expanded the Seventh ICC to include Engineering and Applied Sciences and also made the arrangements for an outstanding slate of evening presentations. Your humble leadership is exemplary. We gratefully acknowledge your heart to serve the editors, the authors and Board of CSF. When we reached out for help with this formidable undertaking, you were there,

To God be the true and lasting glory,

Reid Moon, 2013 ICC Coordinator/ICC EC Chairman
